CLEVELAND INDIANS ARE WHITEWASHED BY BROOKLYN SPEAKER'S TRIBE FALLS BEFORE FAST PITCHING OF GRIMES

Second Game of Series Captured by The Nationals

After Fast Game Full of Thrilling Situations

All Set For Third Game At Ebbets Field Thursday

Teams Are Now Even-Up On The Big Series

(By Associated Press)

Ebbets Field, Brooklyn.—Burleigh Grimes fitted a fine coat of whitewash on the backs of the Cleveland Indians today and the Brooklyn champions of the National League walked off the field with a three to nothing victory in the second game of the world series.

Grimes' spitball tied the bats of the Clevelanders in knots, while Brooklyn's hitting was timely, the National Leaguers getting their hits in clusters when hits meant runs. Each club now has won a game.

(By Associated Press)

Ebbets Field, Brooklyn, October 6.—The Cleveland Indians, which won Brooklyn's scalp yesterday, went on the war path again today to tomahawk the National Leaguers in the second encounter of the world series warfare.

The tribe, as they are fondly known in Cleveland, believe they have the champions of the National League tied to a stake and declared themselves in for another killing today before the eyes of the Brooklyn home folks. More than 20,000 people came out to see the slaughter.

"A wind-blown fly was the cause of our downfall yesterday," said Manager Robinson of the Brooklyns today. "With an even break of luck my club will show the way to victory. Speaker ruined our ball game with his catches in centerfield. I think I'll tell our fellows to hit the ball over the fence, then let Speaker do his worst. I'll use Grimes in the box today."

Tris Speaker believes edge now lies with his American League pennant winners in the series.

"We have looked the Brooklyns over and my men feel they can take the majority of the games," said Speaker. "Brooklyn has a fine ball club, make no mistake, and I have my troubles to find pitchers to beat them in a long series."

The chill of yesterday's defeat and the cold night did not freeze the enthusiasm of the fans who came early to the ball yard. Spectators seeking seats in the unreserved stand began to form in line two hours before sunup and shivered and shook in the Arctic blast from the north.

A ground keeper making his rounds at midnight heard a heavy snore behind the scoreboard in west field. He promptly unearthed four men who had hidden in the ball park after yesterday's game and were taking a night's rest in a snug nest of newspapers.

The Brooklyns went through a long hitting practice before game. Manager Robinson was anxious to work his men out of the batting slump into offered aid.

Charging Embezzlement Of Funds Against Self

One of Most Unusual Cases On Record

(By Associated Press)

Georgetown, O., October 6.—Capt. L. Verne Williams, mayor of Ripley, O., for many years, who resigned yesterday, walked into the office of the prosecuting attorney here today and wrote out an affidavit charging himself with the embezzlement of \$70 from the Peoples Building & Loan Association of Ripley, of which he had been an officer for ten years.

Williams in his affidavit said he did not know the total amount taken from the building association but that it was a large amount.

A state examiner is now busy on the books of the association endeavoring to find the total alleged defalcation. Scores of friends of Williams offered aid.

Expect Death of Fifth Negro If Captured

(By Associated Press)

MacClamy, Fla., October 6.—This place was quiet early today following the lynching here yesterday of three negroes and shooting to death of a fourth, but further trouble was feared if news of the capture of Jim Givens, negro, who shot and killed John Harvey, farmer, Saturday night.

Posses late last night were on the trail of Givens and it was believed his apprehension was but a matter of hours.

The quartet escaped but Smith and the Givens brothers were captured and placed in the county jail here. A mob surrounded the jail shortly after midnight, forced the sheriff to give up his keys, took the three prisoners out of town and tying them to trees, shot them to death.

The body of Sam Dukin, a fourth negro, was found within the city limits yesterday morning. He had been shot to death.

AVERAGE COST UNFAIR PRICE FIXING BASIS

"The average cost of production should not be taken as the basis from which fair prices may be determined" according to R. F. Taber of the Ohio State University. War experience shows that a price sufficient to cover the cost of from 85 to 90 per cent of the producers is usually necessary. "Great variation exists in the cost of producing various commodities between different producers, due to diversity of conditions and efficiency of production," he points out.

"A recent report of the Federal Trade Commission shows a variation in the cost of coke production among a large number of producers, between a low cost of 2.64 per ton and a high of \$7.06, or a gross variation of 300 per cent. An investigation among 842 cotton growers in the south showed a gross range from 8 cents per pound to \$1.07.

"The cost of producing a bushel of wheat in Crawford county, Ohio, in 1919 varied from 87 cents to \$2.98, according to records collected by the Ohio State University.

"U. S. Department of Agriculture figures on the cost of growing spring and winter wheat in the Great Plains area showed a variety of \$1 to \$5 a bushel.

"A price based on the average cost of production is at once seen to be impossible, since practically 50 per cent of the producers under such a scheme would lose and would be compelled to cease production.

"In order to determine a fair price the extreme variations in production costs among the producers in the particular business should be learned. This price over a long term of years must be high enough to assure profitable production to enough producers to insure the amount of the commodity needed. The price naturally would cover the costs of the bulk of the producers.

SEND NOTICES

All free notices, such as lodges, church, club, or other similar notice, must be mailed to The Herald office or brought in person and not telephoned.

This rule is due to likelihood of errors when telephoned, and to the fact that telephoning free notices greatly interferes with the press of business in a very busy office.

TO PRESENT BILL
TO LEGISLATURE
AT NEXT SESSION

Howard C. Allen, Local
Auto Secretary, Member
Of Committee on Preparation.

Bill Would Provide Deeds
of Transfer to Prevent
Thefts.

Will Ask Law be Passed by
Legislature to Check Un-
licensed Traffic in Cars.

Howard C. Allen, secretary of the Fayette County Automobile Club, is a member of the legislative committee of the Ohio State Automobile Association, chosen at Zanesville last June and has been one of those formulating a bill for the prevention of auto theft which will be presented at the next session of the Ohio Legislature in Columbus.

When the delegates were in session last June it was imperatively demanded that the State Association take action which would result in a lessening of the number of auto thefts and this duty fell to the legislative committee.

The bill which the state association offers to the legislature for enactment is a bill "to prevent traffic in stolen cars and requires a bill of sale or abstract of title to be given in event of sale or change in ownership."

The bill would provide that every car sold or transferred in any form from a corporation or private owner be deeded to the new owner in much the same manner in which a transfer of land or property is recorded.

It is believed by those who have formulated the proposed bill that the theft of cars would be diminished to a minimum; the only way in which a person would likely commit a theft under such circumstances would be to use the car himself or to take it across the state line where the cars would not be protected by a deed of transfer.

Section three of the bill provides a heavy penalty for a corporation, partnership, association or person, the manufacturer of motor vehicles or the importer of motor vehicles to sell, convey, give away, transfer or exchange a motor vehicle without a bill of sale.

Section four provides a heavy penalty for the buyer, purchaser, transfer or person receiving or obtaining a motor vehicle not to obtain from the manufacturer or such manufacturer's direct agent or the importer of such vehicle the original bill of sale.

Each succeeding section, twelve in number, takes up a different phase of the deed of transfer and any method devised of obtaining a car is covered.

Violations have penalties running from a fine of twenty-five dollars to a term of one year in prison.

The men behind the movement to have the bill enacted feel that it will be more than considered by the legislature in an effort to check the unlicensed theft of automobiles which keep the upholders of the law in all parts of the state busy all the time and which has brought about such an existing condition of affairs that it is not safe to leave a car standing even though the most vigilant of officers patrol the streets.

HOW TO SAVE GAS

As part of a general program for the conservation of natural gas the following measures are recommended by home economics specialists of the Ohio State University.

1. Adjust burners to within 1 1/4 inches of the cooking vessels on cooking stoves.

2. Use grid top or skeleton lids on cook stoves.

3. Use only specially built gas heating appliances for cooking and heating.

4. Keep the burner and mixer clean.

It is estimated that domestic consumers waste more than 80 per cent of the gas received and with improv-

ed cooking and heating appliances the efficiency could be trebled.

A Menace Arises

News reports from Paris to the effect that the allied nations are to adopt important measures to halt the plans of the Austrians and Germans to form a union, in the event the Austrian plebiscite should decree in favor of such a union, are among the disquieting reports relating to developments in Europe.

Austria seems, perhaps, destined to endure more suffering, as a nation, following the war than any nation in Europe. Her losses in men, in money and in territory have been staggering. In fact Austria as a nation has ceased to exist.

The Germans, while, perhaps, not numbering more than any other nationality in that conglomerate of nations which was known, before the war, as Austria, were undoubtedly in control of the affairs, military and commercial, of the dual monarchy.

With the dismemberment of Austria and the cutting off of Hungary the German population of Austria was, to a great extent, set apart and left with little territorial wealth.

The impoverished condition in which the Germans of all that is now left of Austria, find themselves has been the big compelling influence which has caused them to seek a union of nations with Germany in form and which has placed the allied nations face to face, unless the plans are halted, with a clear defiance of the Versailles treaty.

The evidence is increasing each day that the treaty which marked the formal ending of the world war will not enforce itself and that, in all probability, the coming years may bring the necessity for enforcement of its terms by the armies and navies.

The World Series

Thousands of good natured American people on Tuesday, in a measure quit thinking about market prices and political issues and turned their attention on base ball—the series of games now being played between the Brooklyn National League champions and Cleveland, the American League pennant winners.

There is, however, less interest in the games, among the people generally, this year, than there was last year. A shadow has descended upon the great game and the world series, the sport event of the golden autumn season.

The confidence of the people in its great game has been rudely shocked by the revelations of crooked work by dishonest players. Scandal's poisonous breath has, temporarily blighted interest.

Cleveland was the winner in the first contest and deserved the victory won cleanly on the territory of their opponents. The first game was a good clean ball game in every way and will be an interest builder for the remaining contests.

Russian Gold

The Department of Justice has ordered and is conducting an investigation as to the shipment of nearly four hundred thousand dollars in gold from Soviet Russia to the United States.

Officials suspect that the gold is to be used as a fund to conduct Bolshevik propaganda in this country and announces a purpose to prevent its being expended here for any such purpose.

There are, at present, no trade relations existing between this nation and Russia, although there was some slight modification of the blockade order permitting individuals to deal on the understanding that this government would guarantee no protection and that no treaty under which contractual rights could be enforced existed.

If the shipment of gold was made to liquidate debts due from individual Russian business men to business men in this country it should not be difficult to trace. A shipment of gold by the Russian government to this government for purposes of maintaining a credit balance is out of the question because there are no trade relations between the two governments.

There is a mystery surrounding the shipment, from Russia, of such a large sum in gold at this time if the cause for it cannot be instantly traced through sources connected directly with the consignee, which the Department of Justice will do well to probe thoroughly.

POETRY FOR TODAY

THE HILLS

I never loved your plains and gentle valleys,
Your drowsy country lanes and pleasant alleys.
I want my hills and trails, that scorn the hollow,
Up, up the ragged shale, where few will follow.
Up over wooded crest and mossy boulder,
Strong limb, heaving chest and swinging shoulder.
So let me hold my sway, by nothing halted.
Until at close of day I stand exalted.
Up on my hill of dreams the hills know me.
Then how fair will seem the lands below me.
How pure at vesper time, far bells chiming.
God's hills to climb and stretch for climbing

HARDING TOUR OF OKLAHOMA A VAIN MISSION

State Democratic by At Least 30,000

Cox Will Need United Support
But Republicans Work At Disadvantage

BY MARK SULLIVAN

(Copyright 1920)

Tulsa, Okla, October 6—Harding is coming into this state Saturday. His purpose is to clinch the Republican effort to win a Senatorship from the Democrats. He may succeed. But when you have said he may succeed you have gone as far as even the most optimistic Republican dares to hope.

There is a factional condition among the Democrats which, together with some other factors, may endanger the Democratic senatorial candidate; but omitting the senatorial situation, when you turn to the main issue between Harding and Cox there is no reason to expect that Oklahoma will go otherwise than normal. And in Oklahoma "normal" means a Democratic majority of anywhere from 30,000 upward.

The Republican national leaders in New York and Chicago are giving it out that they expect to carry Oklahoma for Harding, but here on the ground the evidence does not justify any such expectations. And even as to the senatorship, if the Republicans have no better prospects elsewhere than they have here for their effort to win such from the Democrats, then their case is not promising.

Democratic Party Schism

The facts about the senatorial fight are these: For thirteen years, ever since Oklahoma became a state, Thomas Gore has been one of its senators. The state had a loyalty for him that was partly due to affectionate pride in the intellectual achievements he had accomplished in spite of total blindness. In his last election, six years ago, Gore carried every county in the primaries and every county but three in the election.

But right after that came the war, and on several war measures Gore departed from President Wilson. More lately he was one of the Democratic senatorial seceders from Wilson on the League of Nations. For that disloyalty, the Wilson Democrats determined to relieve him. The resulting primary contest was the most bitter ever held in Oklahoma. Gore was defeated and a pro-Wilson congressman, Scott Ferris, who made his fight on a League platform, got the nomination.

But the bitterness of that factional fight made a party schism based partly on the principle of the League and partly on wounded feelings. The Wilson Democratic press had gone so far as to say that men who supported Gore were not Democrats. Now some of the defeated followers of Gore say, "Very well, we aren't" and some of them are organizing to vote for the Republican candidate.

"Little Dixie" Solid

In the part of Oklahoma that is sometimes called "Little Dixie," there are many old-fashioned Southern Democrats born in Georgia and Alabama, whose traditions go back to State's Rights. An old-fashioned, hardshell States-righter, who was inculcated by Gore with the idea that the League means surrender of sovereignty, and has become "set" to that idea is hard to change. Many of these are of the temper that put Tom Watson in Georgia senatorship. They will undoubtedly be a factor in this senatorial election.

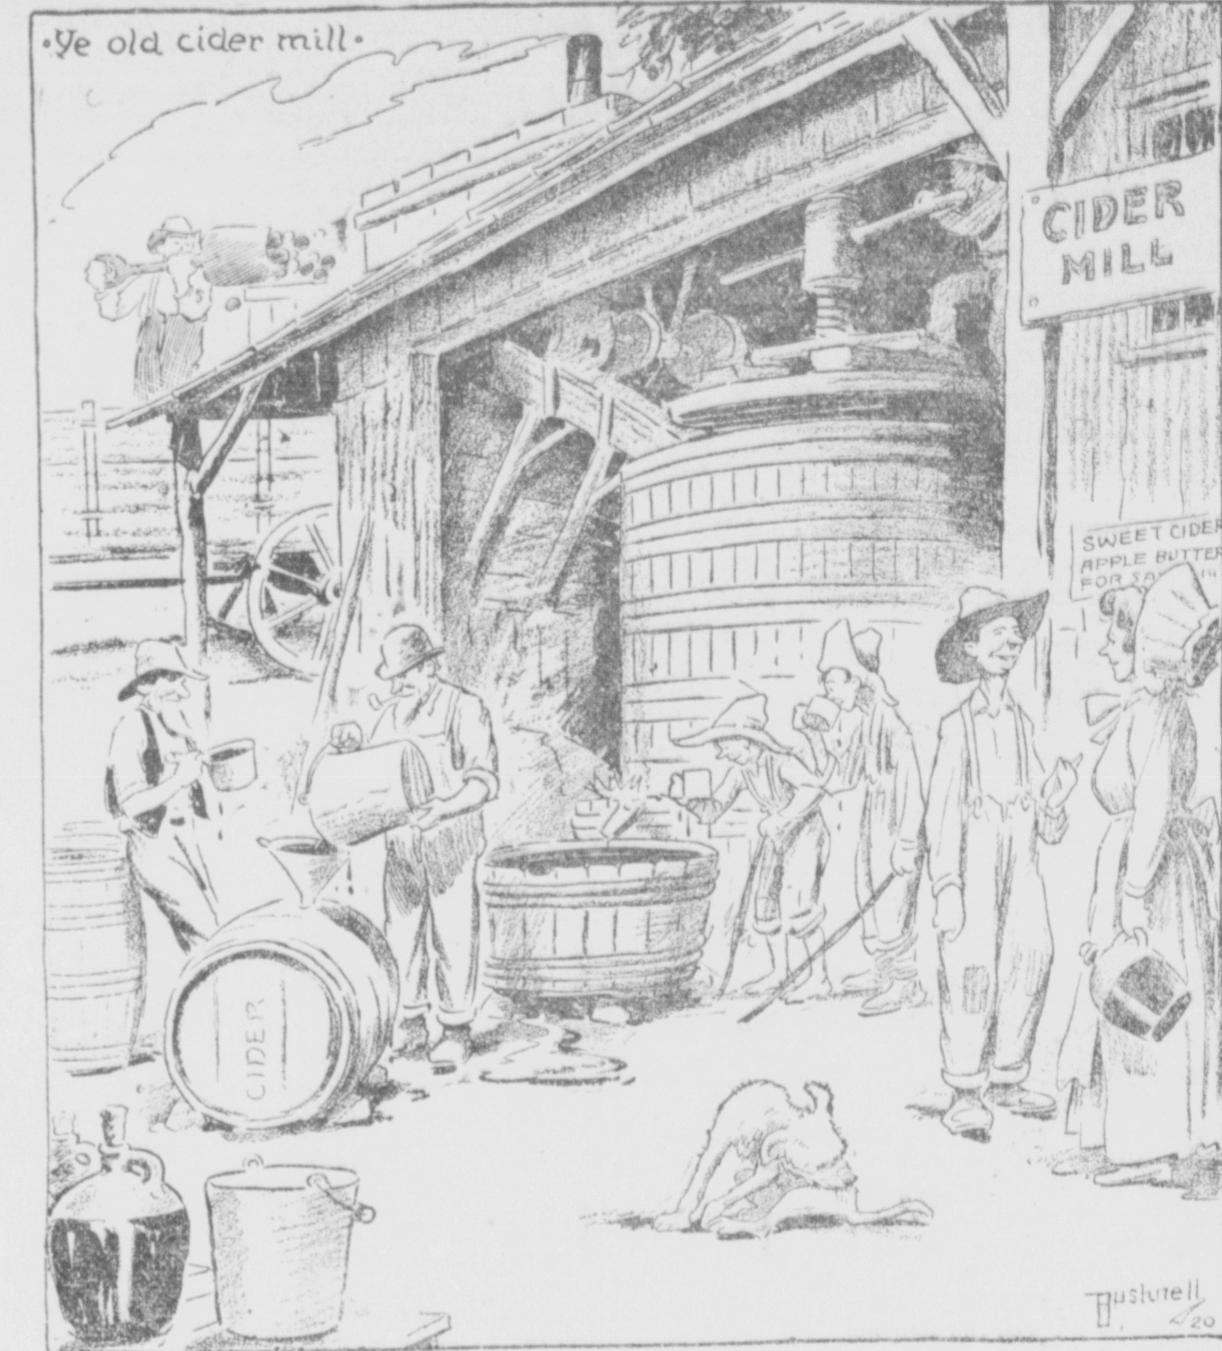

The Republican beneficiary of this defection, John W. Harrold, is a lawyer who, until a year ago, had no greater public distinction than the office of referee in bankruptcy.

Last October Harrold was elected to congress in a special election in a normally Democratic district. During his brief service in congress he attracted attention by being one of three Republican members who voted to seat the Milwaukee Socialist, Victor Berger, when he was under charges of disloyalty. That vote might have been mere eccentricity or it might have been strength of principle. Probably it was more nearly the latter. Nobody thinks of Harrold as a radical or a Socialist, though his action will get him much of the Socialist vote.

Sore at Administration

Another factor relied on by the Republicans to help them is this Senatorship fight, and to a lesser extent in the Presidential contest, is a well justified resentment against the present Democratic regime in the State Government because of pardon scan-

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Although the quietest of home affairs, attended only by the immediate families, no wedding of the season is fraught with greater interest than that solemnized at the home of Hon. and Mrs. C. A. Reid, Wednesday morning at half past eight o'clock, when their only daughter, Ruth became the bride of Mr. William Selsor Fenner, only son of Mrs. Wilbur W. Fenner.

Both young people belong to old and well known families of the county and have widely extended family connections.

The bride is one of the most attractive girls of the younger set, possessing her full share of beauty and a charming vivacity and wit which have made her a favorite, especially in her own little coterie. A wonderfully talented musician, she has had excellent educational advantages both at Oberlin College and at Smith College, from which she returned only last June.

The bride-groom is an extremely likable young fellow, of many sterling traits and deservedly popular. He studied at Cascadia, and later entered the Ohio State University, where he was a member of the Sigma Chi Fraternity.

After leaving school he was associated with his father, the late Wilbur W. Fenner, in large farming and stock raising interests of which he now has the general management.

The large rooms of the spacious home were aglow with bright autumn colors in an exquisite arrangement of

garden flowers and the young couple took their places with the utmost informality before the officiating minister, Rev. Karl B. Alexander, of Grace M. E. Church. The double ring ceremony used was of marked impressiveness.

The bride looked extremely pretty and chic, her suit an exclusive model of couture brown veldyne, with deep beaver collar, a Madame Flander's blouse of mauve georgette, embroidered in wool, and hat of couture brown duvetyn and panne velvet — brown shoes and gloves and corsage of rose buds. Miss Gladys Fenner caught the bride's bouquet.

Immediately after the ceremony Mr. and Mrs. Fenner started on a several weeks motoring trip East, expecting to visit Northampton, Mass., Boston, New York, Washington, D. C. and places enroute.

Following them are the best wishes of many friends, both young and old — good wishes which also found expression in a number of handsome wedding gifts. The bride-groom's gift to his bride was a beautiful platinum pin set with diamonds and sapphire.

Upon their return Mr. and Mrs. Fenner will go to housekeeping in their own home, formerly the Brownell homestead on Rawlings street, the interior of which has been remodeled and tastefully redecorated and furnished ready for occupancy.

The bride's grandmother, Mrs. William Reid, of Jeffersonville, and Mr. and Mrs. Robert Schenck, of Dayton, were the only guests here from away.

The home of Mr. and Mrs. Fred Weller was the scene of a happy surprise given in honor of Mrs. John Merz, of Cincinnati, who is visiting her parents Mr. and Mrs. Orland Toops.

Those enjoying the delicious dinner were Mr. and Mrs. John Neilson, of Manara, Mr. and Mrs. Homer Flint and three children of Marysville, Mr. and Mrs. Elmer Shoemaker and children of Bloomingburg. Mr. and Mrs. Glenn Speaks and two children, Mr. and Mrs. Wm. Shoemaker and daughter, Thelma, Mr. and Mrs. Alpha Matson, Wilbur Matson, Bernard Matson, Dewey Toops, Mr. and Mrs. Ed Hidy, Mr. and Mrs. John Van Gundy, Mr. Henry Van Gundy, Mr. and Mrs. Orland Toops and family.

The Tuesday luncheons at the Y. W. C. A. under the auspices of the Young Woman's Council of the Y. W. C. A., the first of which was launched Tuesday, passed off most successfully with forty women and girls served between the hours of eleven-thirty and one.

The participants were very enthusiastic in their praise of the whole affair, and especially enthusiastic over the delicious lunch, which was prepared and served by Mrs. Ada Mabray. The menu consisted of meat loaf, creamed potatoes, pickles, rolls, butter, peaches, vanilla wafers and coffee.

Miss Townsend announced as a surprise, that a philanthropic woman of the city, was bearing the expense of this first luncheon, and much of its success was attributed to her kindness.

The women and girls very graciously expressed their appreciation.

Mrs. D. N. Barker was tendered a very pleasurable surprise in honor of her birthday Tuesday, by thirty-five relatives and friends.

The guests gathered at the Barker home with well filled baskets and at noon bounteous dinner was served cafeteria style in the dining room. A large birthday cake ornamented with fifty-seven candles was the central decoration of the table.

Those enjoying the occasion with Mrs. Barker were: Mr. and Mrs. Guy Watkins, children, Nina and Herbert of Newark; Mr. and Mrs. Otis Bonecuter and children of Madison Mills; Mr. and Mrs. Howard Barker, Mrs. E. D. Severs of Dayton; Mrs. Rella Sever, of Detroit, Dr. and Mrs. C. F. Adams of Springfield; Mr. and Mrs. Otis Severs and little Bert Shimp, Mrs. Earl Johnson, Mr. and Mrs. Orville Flint and baby, Mrs. William Shoemaker daughter, Thelma, Mrs. Glen Speaks and children, Mr. and Mrs. Bert Wilson and son Eugene.

The honor guest received a number of beautiful gifts.

Mrs. Charles F. Ballard delightfully entertained the young women of her Sunday School Class of the First Baptist Church, Tuesday evening, with a "Bacon Bat" at the Hegler Homestead corner Circle Avenue and Main street.

There was a bonfire at the rear of the home for the roasting of weiners, bacon and toasting of marshmallows — the girls assembling around the grate fire in the old fashioned parlor of the house for the latter part of the evening.

Another feature of the evening was a view of the surrounding country from the top of the home, the beautiful hills of Ross County being visible.

The Sons of Hoyle, who are enjoying a few days outing at the Craig cottage at Cedar Hurst, opened the winter season Tuesday evening with a "Camp party," at which the "Daughters of Mrs. Hoyle" were guests.

A particularly appetizing two course camp supper was served, the entire party seated around a roaring camp fire, near the cottage.

The evening was one of the jolliest on record of these two organizations, with dancing, serenades and games featuring.

Mr. and Mrs. Jack Stone chaperoned the jolly "Hay ride and weiner roast" given by Misses Carrie Bell and Christine Meiers, Tuesday evening.

Miss Bell and Miss Meiers took their guests, who numbered eighteen, six miles out in the country to an ideal spot on Sugar Creek for the "roast." The trip was made in a big truck.

Interesting to friends in Washington is the announcement of the engagement of Miss Jane Donaldson, of Sabina and Mr. Jack DeWitt, son of Mr. and Mrs. Grant DeWitt of this city, which was made Tuesday, at a beautifully appointed six o'clock dinner given by Miss Mary Stewart at her home in Sabina.

The table was lovely with the centerpiece a "Kewpie Bride" peeping from a pink basket, from which pink

RUNAWAY BOYS ARE SENT HOME

Two Columbus Urchins Who Left Home Because Their Fathers Whipped Them Are Given Ride to Chief's Home.

Been virtually an invalid for months, suffering from rheumatism, dizzy spells, constipation and stomach disorders. This 81 years old lady is now able to get around the house feels fine since taking Dreco.

It is simply marvelous to see how my mother has improved under the Dreco treatment," said Mrs. May J. Smith of 119 Lord St., Marietta, Ohio.

"She has been almost an invalid for months and I was afraid to leave her alone in the room. Mother is 81 years old and pretty feeble. She has been suffering from rheumatism, backache and a sluggish liver, along with other aches and pains. She would get very dizzy which made everything seem like it was spinning around.

Her bowels were badly constipated, and her nerves were weak. She often had pains in her stomach and that full gloated feeling after meals.

"She hadn't been taking Dreco very long until she could tell the difference in her feelings, and now, after using Dreco for some time, it is remarkable to see her getting around the table. The manner in which they consumed everything placed before them showed that it had been several hours since they had dined.

They gave their names as Oscar Goulding, age 11, son of James Goulding, 324 South Central Avenue, Columbus, and Wayne Her, 11, son of Ed Her, 1059 Cypress street, Columbus.

They said they had run off from home at eight o'clock Tuesday morning on pretense of going to school and that they had boarded a freight which brought them into this city, after many delays, about twelve o'clock last night.

The boys said they had run off from home because their fathers whipped them when they "played hooky" from school and that they had started to the home of the Goulding boy's aunt, Mrs. Fannie Wright, in Cincinnati. They were poorly dressed and had suffered from exposure.

The Juvenile Court at Columbus was notified and an officer came after the boys Wednesday afternoon.

Dreco has proven a great tonic and strength producer for many people. It purifies the blood, increases the appetite, aids digestion, overcomes constipation and rouses a lazy liver.

All druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher.—Advt.

RURAL CARRIER IS FORCED OUT UNDER NEW RULE

Nathaniel Roler, For Eighteen Years in the Mail Service Retires at Age of Seventy-three.

Traveled More Than 128,000 Miles While Delivering Mail to Patrons.

The new ruling which provides for retirement of civil service employees over 65 years of age who have been in the service for 16 years affects only one man in Fayette county, and that man is Nathaniel Roler, for eighteen years genial carrier on route No. 1 out of Bloomingburg.

If a man spends six years in the army he surely would have to have a good stomach. I have a good one now and Foley Cathartic Tablets made that way." If any one does not believe this, let him write to Arthur L. Lyons, 454 Cincinnati St., Dayton, Ohio." That is from a letter received by Foley & Co. Blackmer & Tanquary.

—Advt.

During his eighteen years of service Mr. Roler has traveled more than 7,200 miles each year, or a total of more than 128,000 miles in his eighteen years of service, and a large portion of this was made with horse and wagon, although in recent years Mr. Roler has followed the progressive spirit and used a machine for delivering his mail.

Mr. Roler is now past his 73 year and is entitled to a pension under the new postal ruling. How much he will receive or when, he does not know, although application has been made for the pension.

Mr. Roler's record as a mail carrier has few equals in the state. Regardless of his advanced years he stuck to his post of duty through sunshine and storm, winter and summer. It was never too hot or too cold for the genial "Nat." He was always there. He made every effort to reach each subscriber's mail box as near the same time each day as possible.

His first years of service took him over roads which often were nearly hub deep in mud for long stretches. Even when he did not feel in good spirits, he always had a smile for his patrons, and the merry twinkle in his eye won him friends by the hundred. It was always a pleasure for the kiddies to rush to the mail box and meet "Uncle Nat" to receive the mail, and they always returned the coveted mail.

In losing the services of Mr. Roler Uncle Samuel loses one of his most faithful workers.

That great strength of mind and body, that exhaustless energy, that IRON WILL that make a famous merchant out of a humble clerk, a millionaire out of a penniless immigrant, a Lincoln out of a wood-chopper—often come from red blood—rich in iron.

Do you lack power of decision, energy, and stamina? Are your ambitions greater than your strength? You need not be discouraged, says Dr. James Sullivan, formerly of Bellevue Hospital (Outdoor Dept.), New York, and Westchester County Hospital. "By feeding the blood pure organic iron—Nuxated Iron—many a weak run-down, disengaged man has changed to a red-blooded American full of force and energy that wins success."

Nuxated Iron is used and endorsed by former United States Senators and Members of Congress, and by such world-known men as Paderewski, ex-Premier of Poland. It often increases strength and endurance in two weeks' time.

Don't stick with the prunes

MY DAD'S favorite yarn.

WAS THE one about.

THE OLD storekeeper.

WHO WAS playing checkers.

IN THE back of the store.

AMONG THE coal oil.

AND THE prunes.

WHEN THE sheriff.

WHO HAD just jumped his king.

SAID "Si there's a customer.

WAITIN' OUT front."

AND SI said "Sh-h-h!"

IF YOU'LL keep quiet.

MEBBE HE'LL go away."

NOW HERE'S the big idea.

WHEN A good thing.

HAPPENS ALONG.

DON'T LEAVE it to George.

TO GRAB the gravy.

FRINSTANCE IF.

YOU HEAR of a smoke.

OR READ about a smoke.

THAT REALLY does more.

THAN PLEASE the taste.

THERE ARE no hooks on you.

THERE'S NO law against.

YOUR STEPPING up.

WITH THE other live ones.

AND SAYING right out.

IN A loud, clear voice.

"GIMME A pack of.

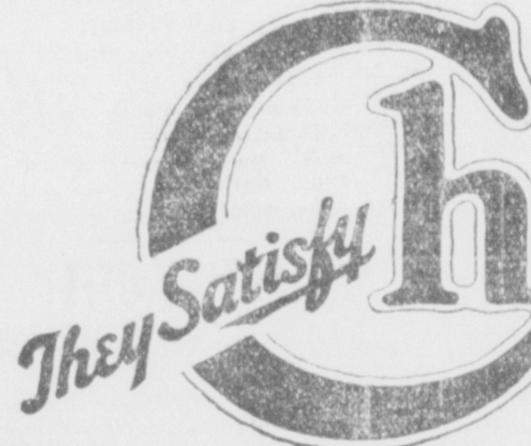

THOSE CIGARETTES,

THAT SATISFY."

JUST plank down twenty cents on any cigar counter and get twenty portions of the real "satisfy-smoke." You'll say you never tasted such flavor, such mild but full-bodied tobacco goodness. You're right, too, because they don't make other cigarettes like Chesterfields. The Chesterfield blend can't be copied.

ASKS JUDGMENT

Lee Rankin has brought suit against Geo. W. Bruce for \$119.64 with interest from August 18, 1919. Bruce is the assignee for Horace Huff, and among the creditors was Lee Rankin, who, according to finding of the Probate Court, had a claim on the assignee in

the amount of \$379.20. It was the order of the Probate Court that 45 per cent of all claim be paid. Rankin claims that although he made a formal demand Bruce had neglected to pay him and he therefore asks for judgment for the claim and interest.

XENIA GLIMPSES FIGHT CHAMPION

Jack Dempsey, world's heavyweight boxing champion and his manager Jack Kearns, entertained a crowd that gathers at the Pennsylvania depot Saturday afternoon, when the champion and his manager laid over for a half hour to make train connections.

Dempsey and Kearns, who have been much in the public eye recently, came in on a local train from Dayton, and waited here for some time for connections with a train to New York. In the meantime they walked about the station platform and chatted with admirers of the fight king who recognized him.

Dempsey was the guest of Al Jolson comedian of whom he is a personal friend, at the presentation of "Simebad" at the Victory Theater, Dayton Friday. His physical appearance as he strode about the station here impressed local bugs with the powerful punch which Miske and others give him credit for and he was center of all eyes for a time.—Xenia Gazette.
